Compliance Issues

The compliance issues are a major component in the agenda of the management at present, specifically in the areas of sustainable production, human resources and eco-friendly measures. The company is working hard to maintain compliance in all these areas. However, the new compliance requirements warrant major change in the building structure and the company needs to invest a substantial amount to improve production facilities and to upgrade compliance standards in order to appease buyer requirements. The company has progressed significantly and still needs to continue investment to remain fully compliant as per the requirement of the buyers.

Risk and Concerns

H.R. Textile Limited as a manufacturing unit in the garments and Textiles industry is vulnerable to global and domestic adversities and threats. International trade tensions, concerns over BREXIT, working hazards of local textile industry indicate significant business risks. The country's exporters are accustomed to such risks and have learned how to cope

with the situation. The Board of Directors assures its shareholders that the company has a competent risk management process to ensure that the system of internal control is sound in design and has been effectively implemented and monitored. The audit committee supports the board in monitoring activities of management and deals with risk management issues also. As one of the pioneers of the sector, the company is confident in minimizing the risks and optimizing the benefits.
